## SUMMARY

3rd-year B.Tech student in Computer Science and Design. Passionate about full-stack development and AI, with strong programming and problem-solving skills. Completed several live projects and driven by traditional hard work, consistency, and curiosity. I love exploring new things both within and beyond my field, to grow as a versatile and impactful tech enthusiast.

## WORK EXPERIENCE

### Web Developer - Website

#### Development

- Updated and optimized the IGNA website to improve usability, accessibility, and responsiveness; continue to support ongoing updates.
- Contributed for over a year to the ICAAAI website (CSE Conference), enhancing core functionality and overall user experience.
- Temple Run game automation with python.
- Developing the Cosmo Politan Club website, with the admin panel successfully completed and frontend improvements in progress.

### Live Streaming Coordinator - AITA/ BHIMAVARAM OPEN

- Managed live streaming for Bhimavaram Open and AITA Tennis Tournaments to ensure smooth online coverage.
- Secured a ₹20,000 donation to support the successful execution of the Bhimavaram Open event.
- Led tech operations during SRKR's SIIGMA Fest, handling AV setup and live event coordination.

### Mentorship Program Coordinator - C Programming Classes

- Conducted mentorship sessions to help students learn C programming through structured lessons and hands-on practice.
- Taught AI tools to children during a summer camp at Westbery School, introducing them to basic tech concepts in a fun way.
